To: "l2switch-dev@lists.opendaylight.org" <l2switch-dev@lists.opendaylight.org>, "ammandke@cisco.com" <ammandke@cisco.com>, "alefan@cisco.com" <alefan@cisco.com>, "evanzeller@gmail.com" <evanzeller@gmail.com>, "ragbhat@cisco.com" <ragbhat@cisco.com>

Hi Evan Zeller and L2SWITCH Team,

There are some distribution test failures in Lithium SR4 related to L2SWITCH. Could you or someone from your team please take a moment to mark these issues in the spreadsheet [1] as "OKAY" to release or "BLOCKING" and requires a respin and delay of Lithium SR4.

<https://jenkins.opendaylight.org/releng/job/l2switch-csit-1node-switch-all-stable-lithium/606/>

Best Regards,

An Ho
